

Tonkultur Berlin is mainly produced by Daniel Goslar aka Datatraxx from Berlin. Daniel, born in 1975, currently lives in Berlin and works in the media-business. Back in the 90's he was a vivid part of the electronic music-scene organizing techno-events and even running his own club.

Datatraxx formed techno-house & deep sound of Tonkultur Berlin. Besides the musical side Datatraxx also manages the digital label. More tracks and a Tonkultur Berlin club-tour are coming up in 2009.
